

## Integrity

We build trust through being transparent, acting responsibly and continually working in an honest, ethical and sustainable manner.

I will promote integrity at all times by being open and honest and working ethically

I will encourage staff integrity through supervisions and training on acting responsibly

I will ensure integrity is upheld at all times when speaking with other professionals

I will promote integrity at all times by being as honest as I can and working in a sustainable manner

I will promote staff integrity through supervisions and observations

When speaking with other professionals, I will maintain my integrity

I will make sure within my role I gain trust with all my clients and family members to provide the best care as possible to each client
